Projects

Short Film | Odd Socks | Jan 2024 - Jun 2024

- Frequent client meetings to ensure the work was of high standard and suited the needs of the client
- Learned to adapt outcomes and workflows being used to overcome problems and challenges faced on the project

Short Film | In Depth | Jan 2023 - Aug 2023

- Gained important experience working on a project within a full professional environment and team.
- Flowing notes and feedback through people and departments to work together and improve the final result
- Working with a limited time frame had to ensure the work was done efficiently and developed my ability to work under pressure

Group Project | Save Yourself | Sep 2024 - Dec 2024

- Collaborating as a team provided experience in communication, and working with others to receive feedback and improve
- Making sure to stick within timeframes given to ensure a smooth project delivery

Experiences

Studio Assistant | Escape Studios | Mar 2023 - May 2023

- Month long temp position working at my University course helping other students
- A key opportunity to develop my communication skills by explaining solutions clearly and precisely to solve problems
- I was responsible for being punctual and organised having to keep a record of attendance.
- I also learnt to work efficiently to problem solve, in a fast paced and active environment.

Stock Controller | Tescos | Sep 2021 - Nov 2021

- Responsible for Inventory and stock control ensuring the quality of product out on the shop floor
- Good communication and relationship skills developed while helping and interacting with customers on the floor
- Needed to be detail focused and efficient to ensure that the job was completed thoroughly each shift
- Active role in moving around the shop and moving unsuitable product
